Brisbane photography courses | Photo Genius | Queensland Glamour photography is like portrait photography, usually with female subjects. Boudoir photography is the closest genre. It uses erotic poses which range from clothed to nude images. They could be for advertising or a style of portraiture. They are more often than not seen as a little seedy. Done well, they can produce some beautiful images.

60 Different Types of Photography You Need to Know!

Documentary photography is a wide-ranging form of fine art photography that can probably be defined in many different ways. It is closely related to street photography and photojournalism but differs from each one in that it is focused on shedding light on a greater social issue.

A Complete Guide to Documentary Photography

In 1839, Daguerre took the first photograph of a person, and by mid-century photography was a popular and expensive hobby. Photography was an essential element of Victorian novels, with author portraits as frontispieces, advertisements, and posed “character” portraits as selling points for the novel’s truthfulness and social force.
