How does magic in J. K. Rowling's universe work? Finally, the scientific secrets are revealed! The story of the boy who lived has brought the idea of magic and sorcery into mainstream fruition more than any other book series in history. Modern muggle scientists have uncovered explanations to the seemingly impossible, including answers to such questions as: Will we ever see an invisibility cloak? How hazardous is a flying broomstick like the Nimbus 2000? How has medicine made powerful potions from peculiar plants? (Felix Felicis, anyone?) Can scientists ever demonstrate Wingardium Leviosa, or the flying power of a Golden Snitch? Is it possible to stupefy someone? And many more! Often perceived as a supernatural force, magic captivates and delights its audience because of its seeming ability to defy physics and logic. But did you ever wonder if science has any explanation for these fantastic feats? The Science of Harry Potter examines the scientific principles—behind some of your favorite characters, spells, items, scenes, and even games like Quidditch and Wizard's Chess—from boy wizard Harry Potter's world, providing in-depth analysis and scientific facts to support its theories. Author Mark Brake, whose The Science of Star Wars was a knockout success, has found the answers to satisfy the curious spirits of muggles everywhere... A perfect Harry Potter gift for anyone obsessed enough to stand in line to be the first to see Harry Potter and the Cursed Child or Fantastic Beasts and Where to Find Them, witches and wizards alike will be fascinated by the merging of this improbable realm and real science!

Containing around 1,800 entries this Dictionary covers, in one volume, all the important deities and demons from around the world. The gods of ancient mythology appear alongside the gods of contemporary religion, and `lesser' mythologies and religions are also fully covered. The author provides an extensive network of cross-references, allowing the reader to draw cross-cultural comparisons. The Dictionary will be an invaluable source of information for anyone interested in comparative religion or the diversity of religious views throughout the world.

A law professor draws from social and cultural theory to defend her idea that that intellectual property law affects the ability of citizens to live a good life and prohibits people from making and sharing culture.

New West gunfighter Daisy Kutter tries to leave her outlaw ways behind and start a new life as the owner of a general store, but her past catches up with her, and she finds herself in the middle of a simple train robbery that turns complicated thanks to some nasty robots.

This book is open access under a CC BY 4.0 license. This book delves into the widely held belief that the 21st century will be the "Asian Century" by examining the Asia's rapid economic development in the post-war era and the challenges it faces in forging ahead of world leaders in the West. The impact of the current turbulent global political climate on Asia is critically analyzed, employing a holistic and multidisciplinary approach, combining economic, social, political and geopolitical perspectives. Written in an accessible style, the book offers students, business, government, and civil society players powerful insights on Asia.

From #1 New York Times bestselling author Brandon Sanderson, the Mistborn series is a heist story of political intrigue and magical, martial-arts action. For a thousand years the ash fell and no flowers bloomed. For a thousand years the Skaa slaved in misery and lived in fear. For a thousand years the Lord Ruler, the "Sliver of Infinity," reigned with absolute power and ultimate terror, divinely invincible. Then, when hope was so long lost that not even its memory remained, a terribly scarred, heart-broken half-Skaa rediscovered it in the depths of the Lord Ruler's most hellish prison. Kelsier "snapped" and found in himself the powers of a Mistborn. A brilliant thief and natural leader, he turned his talents to the ultimate caper, with the Lord Ruler himself as the mark. Kelsier recruited the underworld's elite, the smartest and most trustworthy allomancers, each of whom shares one of his many powers, and all of whom relish a high-stakes challenge. Only then does he reveal his ultimate dream, not just the greatest heist in history, but the downfall of the divine despot. But even with the best criminal crew ever assembled, Kel's plan looks more like the ultimate long shot, until luck brings a ragged girl named Vin into his life. Like him, she's a half-Skaa orphan, but she's lived a much harsher life. Vin has learned to expect betrayal from everyone she meets, and gotten it. She will have to learn to trust, if Kel is to help her master powers of which she never dreamed. This saga dares to ask a simple question: What if the hero of prophecy fails? Other Tor books by Brandon Sanderson The Cosmere The Stormlight Archive The Way of Kings Words of Radiance Edgedancer (Novella) Oathbringer The Mistborn trilogy Mistborn: The Final Empire The Well of Ascension The Hero of Ages Mistborn: The Wax and Wayne series Alloy of Law Shadows of Self Bands of Mourning Collection Arcanum Unbounded Other Cosmere novels Elantris Warbreaker The Alcatraz vs. the Evil Librarians series Alcatraz vs. the Evil Librarians The Scrivener's Bones The Knights of Crystallia The Shattered Lens The Dark Talent The Rithmatist series The Rithmatist Other books by Brandon Sanderson The Reckoners Steelheart Firefight Calamity At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

2021 Reprint of the 1909 U.S. Edition. Full facsimile of the original edition and not reproduced with Optical Recognition Software. "This book contains in concise tabulated form a comparative view of all the symbols of the great religions of the world; the attributions of the Taro, so long kept secret by the Rosicrucians, are now for the first time published; also the complete secret magical correspondences of the Golden Dawn are provided. In short, the book provides a complete magical and philosophical dictionary as well as a key to all religions and to all practical occult working."-from Advertisement. "For the first time Western and Qabalistic symbols have been harmonized with those of Hinduism, Buddhism, Mohammedanism, Taoism, etc. By a glance at the tables, anyone conversant with any one system can understand perfectly all others."-from Advertisement.

This is a comprehensive sourcebook on the world's most famous vampire, with more than 700 citations of domestic and international Dracula films, television programs, documentaries, adult features, animated works, and video games, as well as nearly a thousand comic books and stage adaptations. While they vary in length, significance, quality, genre, moral character, country, and format, each of the cited works adopts some form of Bram Stoker's original creation, and Dracula himself, or a recognizable vampiric semblance of Dracula, appears in each. The book includes contributions from Dacre Stoker, David J. Skal, Laura Helen Marks, Dodd Alley, Mitch Frye, Ian Holt, Robert Eighteen-Bisang, and J. Gordon Melton.
