How Hockey Saved the World is the greatest, if only, hockey protest book ever written. It is the often true story of how a middle-aged, overweight American got off the couch long enough to lose weight and learn to play hockey in order to find a magic puck that would end the NHL lockout, unseat President George W. Bush and end the Iraq War.

Top 10 Saves of the Week | NHL.com

In ice hockey, a goaltender is credited with a save when they prevent a shot by the opponent from entering the net. A goaltender's efficiency in stopping shots, the save percentage, is calculated as a percentage of shots stopped divided by the total number of shots on goal. If a goaltender makes all the saves within a game it is called a shutout.
