Contributes to the overall understanding of standard IEC 61850, analyzing principles and features Introduces best practices derived from hundreds of smart substation engineering applications Summarizes current research and insights gained from practical experience in the testing, operation and maintenance of smart substation projects in China Gives systematic and detailed information on testing technology Introduces novel technologies for next-generation substations

Six months apart is a long time. For security expert Megan McGowan, it feels like forever since she's felt the strong arms of Darius Folsom around her. Since Dari's military deployment six months ago, every minute apart is another minute that Megan finds herself tempted. Bad boy Jason Savage is Dari's best friend and a partner in the new private security firm Dari and Megan have formed. Only as Megan and Jason work closely together on an emotionally charged case, the attraction between them goes from hot to nuclear meltdown. But even as Megan's libido screams "Oh, yes!" she wonders if it's possible to love one man and give in to her hunger for another.
