Machine Shop Trade Secrets by James A. Harvey

Product Summary. Praise for Machine Shop Trade Secrets by James A. Harvey: " ...James Harvey has written an excellent book that fills a void in current metalworking instructional books. Most textbooks are aimed at the beginner in the machining trade and cover basic work practice admirably. What textbooks do not do is sit you down with a veteran of the trade who can fill you in on the tips and tricks that allow working faster, accurately and intelligently.
