QBasic has a random number statement, RND, that generates a random decimal between 0 and 1. You can think of it as a random percent. At first, this may seem like an odd way to generate random

Download Free Qbasic Manual

numbers. However, with a little math it is very easy to manipulate this to provide numbers in whatever range you want. The first step is to multiply RND by a number (the range you want). For instance 'RND ...
