The Berenstain Bears' New Baby tells how Small Bear got a new, larger bed—very useful, since Sister Bear was soon to be born, and could use his old bed. This is a standard kind of children's book—what happens when a child gains a younger sibling? I like this one a bit better than Thumper's Little Sisters, which I reviewed earlier.

Although it does not describe much about the new baby at all. The book is centered on brother bear growing too big for his baby bed and going with papa to build a new bigger bed, and just in time for his new baby sister. I loved the Berenstain Bears as a kid and my 2 year old loves this book as well. The pictures are great.
