These people will tell you that they have woken up every day at 6:00 a.m. for twenty years and don't even bother to set the alarm anymore. How do they do that? In The Living Clock, Professor John Palmer tells us the story of the discovery of the internal clocks which exist in almost every living thing, from bacteria to humans. This book is both a work of scientific popularization and a scientific autobiography since Professor Palmer has personally contributed a great deal to our ...
