The New York Times Best Seller Experience the Star Wars saga reimagined as an Elizabethan drama penned by William Shakespeare himself, complete with authentic meter and verse, and theatrical monologues and dialogue by everyone from Darth Vader to R2D2. Return once more to a galaxy far, far away with this sublime retelling of George Lucas's epic Star Wars in the style of the immortal Bard of Avon. The saga of a wise (Jedi) knight and an evil (Sith) lord, of a beautiful princess held captive and a young hero coming of age, Star Wars abounds with all the valor and villainy of Shakespeare's greatest plays. Authentic meter, stage directions, reimagined movie scenes and dialogue, and hidden Easter eggs throughout will entertain and impress fans of Star Wars and Shakespeare alike. Every scene and character from the film appears in the play, along with twenty woodcut-style illustrations that depict an Elizabethan version of the Star Wars galaxy. Zounds! Space Command is beginning to doubt in a bad way. Freak quakes are rumbling over the long-dormant tectonic plates of the planet, disrupting its trillion-dollar mining operations and driving scientists past the edges of theory and reason. However, when rocks shake off their ancient dust and begin to roll—seemingly of their own volition—carving canals as they converge to form a towering structure amid the ruddy terrain, Lt. Jain and her JSC team realize that their routine geological survey of a Martian cave system is anything but. The only clues they have stem from the emissions of a mysterious blue radiation, and a 300-year-old journal that is writing itself. Lt. Thomas Weatherby of His Majesty's Royal Navy is an honest 18th-century man of modest beginnings, doing his part for King and Country aboard the HMS Daedalus, a frigate sailing the high seas between continents...and the immense Void between the Known Worlds. Across the Solar System and among its colonies—rife with plunder and alien slave trade—through dire battles fraught with strange alchemy, nothing much can shake his resolve. But events are transpiring to change all that. With the aid of his fierce captain, a drug-addled alchemist, and a servant girl with a remarkable past, Weatherby must track a great and powerful mystic, who has embarked upon a sinister quest to upset the balance of the planets—the consequences of which may reach far beyond the Solar System, threatening the very fabric of space itself. Set sail among the stars with this uncanny tale, where adventure awaits, and dimensions collide!

To unearth a centuries-old secret, an archaeologist must team up with the rakish thief who's stolen both an ancient relic and her heart... Oh, is he handsome. And charming. And sexy as all get out. Dr. Lisa Maxwell isn't the type to go home with a guy she barely knows. But, hey, this is Italy and the red-blooded Rafe Sullivan seems much more enticing than cataloging a bunch of dusty artifacts. After being fully seduced, Lisa wakes to an empty bed and, worse yet, an empty safe. She's staked her career as an

archaeologist on collecting the three Furies, a priceless set of ancient Greek reliefs. Now the one she had is gone. But Lisa won't just get mad. She'll get even. She tracks Rafe to Florida, and finds the sparks between them blaze hotter than the Miami sun. He may still have her relic, but he'll never find all three without her. And they're not the only ones on the hunt. To beat the other treasure seekers, they'll have to partner up--because suddenly Lisa and Rafe are in a race just to stay alive.

There may be trouble ahead ... Wedding bells are ringing for the constantly battling nations of Splotze and Borovnik, and the upcoming royal nuptials could at last put an end to their dangerous hostilities. But in a development that hardly bodes well, one of Gerald's fellow janitors goes missing - after delivering a dire warning of danger surrounding the marriage treaty. So Gerald must embark on a dangerous mission to uncover the troublemakers, before wedded bliss becomes international war. But going undercover isn't as easy as it looks, even with Melissande and Emmerabilia for camouflage. Soon Gerald finds himself fighting for his life as well as world peace.

Jane Yellowrock is a shapeshifting skinwalker you don't want to cross—especially if you're one of the undead. For a vampire killer like Jane, having Leo Pellisier as a boss took some getting used to. But now, someone is out to take his place as Master Vampire of the city of New Orleans, and is not afraid to go through Jane to do it. After an attack that's tantamount to a war declaration, Leo knows his rival is both powerful and vicious, but Leo's not about to run scared. After all, he has Jane. But then, a plague strikes, one that takes down vampires and makes their masters easy prey. Now, to uncover the identity of the vamp who wants Leo's territory, and to find the cause of the vamp-plague, Jane will have to go to extremes—and maybe even to war.

View our feature on K.A. Stewart's *A Devil in the Details*. When it comes to demons, always read the fine print. Jesse James Dawson was an ordinary guy (well, an ordinary guy with a black belt in karate) until one day he learned his brother had made a bargain with a demon, Jesse discovered there was only one way to save his brother: put up his own soul as collateral, and fight the demon to the death. Jesse lived to free his brother-and became part of a loose organization of Champions who put their own souls on the line to help those who get in over their heads with demons. But now experienced Champions are losing battles at a much higher rate than usual. Someone has changed the game. And if Jesse can't figure out the new rules, his next battle may be his last...

Power, grace, deadliness defined. Always cunning, endlessly victorious— One seat on the intergalactic Sakien Empire's supreme ruling body, the Council of Seven, remains unfilled: that of the Empress Apparent. The seat isn't won by votes or marriage. It's won in a tournament of ritualized combat. Now the tournament, the Empress Game, has been called and the women of the empire will stop at nothing to secure political domination for their homeworlds. Kayla Reunimon, a supreme fighter, is called by a mysterious stranger to battle it out in the arena. The battle for political power isn't contained by the tournament's ring, however. The empire's elite gather to forge, strengthen or betray alliances in a dance that will determine the fate of the empire for a generation. With the empire wracked by a rising nanovirus plague and stretched thin by an ill-advised planet-wide occupation of Ordoch in enemy territory, everything rests on the woman who rises to the top.
