Fluorescence Microscopes – Zeiss Axioskop Upright ---

The Axio Observer is supplied with three stand types - manual (.A1), semi-motorized (.D1) and fully motorized (.Z1). Accessory components have a modular design. For the documentation of microscopy examinations, the Axio Observer can be equipped with up to five camera / TV ports as required.

Operating Manual Axio Observer Inverted microscope

A choice of manual, coded and motorized components permits user-specific requirements to be met in every detail. The Standard in Life Science Microscopy 1904 Zeiss develops the first ultraviolet microscope. This not only increased resolution, but also permitted fluorescence on crystals to be viewed for the first time.
